I Education

II Durham University (2016–present)

I am currently at the University of Durham studying Theoretical Physics (MPhys F344) in my fourth year, undertaking my Masters thesis focused on CP violation in and beyond the Standard Model.

II The High School of Glasgow (2009–2016)

- Advanced Highers - 4 As in Physics, Maths, Chemistry, and English
- Highers - 5 As in Physics, Maths, Chemistry, Biology, and English
- National 5s - 7 As and 1 C, including English, Maths, and Physics as As

II Key Achievements

- 2018: Awarded BIIAB Level 2 Award for Personal License Holders
- 2017: Completed the RLSS National Pool Lifeguard Qualification (NPLQ)
- 2016: Trained in British Red Cross Emergency First Aid and ITC Outdoor First Aid
- 2014, 2015: CREST Bronze & Silver Science Awards
- 2014: Team member of the Scottish Champions and National Finalists in the Maths & Science division at the National Science & Engineering Competition (NSEC)
- 2015, 2016: National Finalist at UK Space Design Competition, also Company President in 2016

III Work Experience

III.I Employment

- May to September 2016: Employee at Alchemy Drinks Ltd
 - Delivering beer and other alcohols to pubs, restaurants, and hotels as second man in the van. I was responsible for handling money at deliveries and keeping all deliveries secure for transit.
- March to May 2017: Bar staff at The Canalside Pub & Grill
- October 2016 to April 2018: Librarian at St Mary's College Library
- November 2017 to present: Bar staff at St Mary's College Bar
 - Started as bar staff but quickly took on extra roles as a line cleaner and stock checker, and working with the Bar Steward as much as possible to help with the management of the bar, continuing my experience from past jobs.
- October 2018 to present: Bar Steward at St Mary's College Bar
- October 2018 to present: Casual Leisure Assistant at Freeman's Quay Leisure Centre
 - Work as a lifeguard alongside other duties such as cleaning, maintenance, and set up across the centre

III.II Volunteering

- July 2014 to May 2016: Volunteer Sales Assistant at Oxfam Stirling
- August 2013 to June 2014: Volunteer/Leader at Stirling Baptist Church
 - Leader at the Sunday School for primary school children. Worked with the team of volunteers preparing and teaching classes to ensure the children are entertained and engaged.

IV Positions of Responsibility

- September 2018 to present: Bar Steward of St Mary's College Bar
 - In charge of running the college bar, with duties such as: stock control; staff hiring, rotas, and management; maintenance and cleaning; and organisation of special events with other members of college. I liaise with other elected officials of the college JCR and college staff officers through various committees to maintain the management of the college.
- April 2018 to June 2018: Bar Steward Elect of St Mary's College Bar
 - Acted as assistant and trainee to the old Bar Steward in all the role's duties during a transition into the role

V Core Skills

- As a physics student, I have a strong numerical ability and am comfortable performing calculations and solving problems in all situations.
- I am comfortable learning new tasks and will happily apply myself to any job or environment in which I find myself.
- I enjoy meeting new people and dealing with customers of all ages and types.

VI IT Skills

- A large portion of my degree is working with computers for various functions, including word processing and programming of physical systems. I find myself comfortable using computers for most tasks and can apply myself to quickly learn things I am less familiar with.
- I am comfortable using both UNIX and Windows operating systems.
- I am mainly experienced using Python for programming, having used this for projects throughout my university degree so far, with some basic experience in other languages such as C++.
